

Environmental policy

Risco group view environmental protection as an important aspect of our business and industry.

We take measures to ensure that its employees are aware of all aspects concerning environmental protection, and we are active in the implementation of environmental foot-print monitoring, and impact reduction plans.

Risco group is constantly proactive in improving the environment quality in ways such as the prevention of contamination related to company activities. In addition, Risco group abides by all relevant environmental laws and regulations.

We strive to reduce negative environmental effects that may result from its activities, while adopting proper environmental principles.

We allocate the necessary resources for the implementation of this policy, for the sake of business continuation, better future to our customers, employees, and future generations
